Subject: Save our county from the rail spur in Nipomo..

HI,
We all live in the most beautiful place in Ca. and are so lucky to be here. PLEASE do not allow Phillips 66 to move ahead with the rail spur project at the facility in Nipomo. I believe that will change life here on the central coast forever and not in a good way. We have seen on the news the terrible accidents that have happened in other states with the trains carrying oil derailing and causing tragic impacts on other communities. These trains traveling thru our county will destroy lives, property and our environment.
So many risks are involved with those trains traveling thru our county such as noise, odor's, light pollution and health hazards. MUS-01

PLEASE do the right thing for all of us and vote "NO" on the rail spur project at Phillip 66 in Nipomo. We are counting on you to do the right thing to preserve our quality of life and keep the Central Coast the special place it is.

Thank you ..Stacy Murphy
