Subject:Phillips 66 Santa Maria Refinery Rail Project

Dear Mr. Wilson:

I have a unique perspective on the Phillips 66 Santa Maria Refinery Rail Project. Not only do I work at the refinery, but I also live in San Luis Obispo County. I have the benefit of two perspectives, and they both lead to the same conclusion. The refinery is good for us. Good for jobs, a great neighbor and a longtime business that needs to keep operating. The draft EIR spells out the way issues like noise and lights can be managed, and with these points taken care of, there is no reason to deny the application. MOB-01

I hope you will rise above the emotional and political debate and see the facts that the Phillips 66 Santa Maria Refinery's request for a rail spur is reasonable and should be approved. Certifying the EIR is a great first step. MOB-01

Sincerely,

Brett Mori
