Subject: Support Comment for Phillips 66 Rail Project

January 17, 2014

Murry Wilson, Environmental Resource Specialist County of San Luis Obispo
Department of Planning and Building
976 Osos Street, Room 300
San Luis Obispo, CA 93408-2040

Dear Mr. Wilson:

I have a unique perspective on the Phillips 66 Santa Maria Refinery Rail Project. I work at the refinery, and am very active in the South County Community. I have the benefit of two perspectives, and they both lead to the same conclusion. The refinery is good for us. It provides high paying jobs, is a great neighbor and is a longtime business that needs to keep operating.

The draft EIR spells out the way issues like noise, lights, and particulate emission can be managed, and with these points taken care of, there is no reason to deny the application.

I hope you will rise above the emotional and political debate and see the facts that the Phillips 66 Santa Maria Refinery's request for a rail spur is reasonable and should be approved. Certifying the EIR is a great first step.

ANJ-01

Sincerely,

Jim Anderson
