Re: Phillips 66 Oil Transport

Dear Mr. Murray:

I am deeply distressed about the plans for Phillips 66 rail line to be developed to transport oil through San Luis Obispo County. The threat of derailment is the most threatening - which must be put in the equation.

We have a relatively clean and pristine community - where many want to visit and live must be preserved. Knowing that all this could be changed with this oil transport must be addressed - for our environment, wild life, streams that it will cross over, and our citizens health. Please vote NO to this project.

Sincerely, Janine Rands
