Comment: Although I strongly believe in the rights of a property owner, in this instance & based on the EIR, I am very much opposed to allowing the quarry project to go forward. The highway is NOT designed or structured to support the large tractor trailers to safely utilize this path in and out of the area. We have lived here over 24 years. Historically there was a sign telling large trucks to not use the road. They have to cross the center devider many times between Parkhill & El Camino. It is NOT safe for the public. The traffic past the elementary school would be ridiculous.
