Subject:	new quarry

hi,
i am interested in learning if there is a web site connected to the new quarry proposed on rt. 58. could you please email it to me if there is. if not a couple of questions. will there really be over 200 trucks coming and going on rt. 58 into santa margarita. that concerns me a lot. and also if they will be using up to 20,000 gallons of water per day. this also concerns me a lot as santa margarita has water issues.

thanks,
nancy e. brewer
