Comment: My name is Ann Finnegan and I am a senior woman whose home is directly against the mountain proposed for the 58 Quarry. The Quarry will surround me on three sides if allowed. I am petrified of the harmful dust, smell, lights an blasting this operation will produce. It is absurd to think that permission would be given to develope a quarry in my backyard as well as large intimidateing heavy trucks on route 58. The dust, rock fungus and odor of the quarry will diferitely affect my living condition. The blasting and dust will be very disturbing. I am not deaf yet!
It was never my intent to live next to a quarry. My concern is it will affect my health, property value and peace of mind.
