RE: ACCESS & USE OF HYDROLOGIC DATA

Access

As the owner of the well identified above (Well) and / or the owner of the property on which the Well is located (Property), I hereby authorize San Luis Obispo County Flood Control and Water Conservation District (District) personnel and the District's representatives to enter the Property to review and collect hydrologic data (see below) under the condition that the District indemnifies and holds me harmless from all claims for, or on account of, any physical injuries to persons or property caused solely by any negligent act or omission to act by the District or its representatives while on the Property.

Use of Hydrologic Data

I hereby further authorize the District to use for any purpose and release to any individual without condition all hydrologic data, as defined below, including, without limitation, release to USGS or Upper Salinas-Las Tablas Resource Conservation District for use in Task 2 of the Adelaida Hydrogeological Study and any other water resources projects, studies, or reports. I acknowledge that said data may be posted online such that it is readily accessible by members of the public.

I understand that for purposes of the consent granted herein, hydrologic data includes the following data:

- Groundwater level measurements (depth to groundwater, date and time of measurement)
- Water chemistry data (groundwater and (or) surface water chemistry test results, units)
- State Well Number
- Well construction details from the Well Completion Report or other sources (well depth, hole depth, land surface elevation at the well/water system)
- GPS coordinates of the location (latitude and longitude)
- Well use / type (e.g. domestic, irrigation, monitoring)

The authorization provided herein supersedes any prior authorization(s) (including any limitations thereto) granted to the District in connection with the Well and shall apply to any and all hydrologic data, including data collected pursuant to any such prior authorization(s).
