2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe your organization's (and subrecipient(s) if applicable) experience in effectively utilizing federal funds and performing the activities proposed in the application.

San Luis Obispo County (SLO) Continuum of Care (CoC) has the third highest percentage of unsheltered individuals experiencing homelessness in the state of CA. A driving factor in this is the local housing resources throughout the county and the disunified efforts that homeless services providers have undertaken. This grant proposes to strengthen the Coordinated Entry System (CES) by building upon and expanding already established housing-focused case management services and outreach services within all major service providers in SLO: Community Action Partnership of San Luis Obispo County (CAPSLO), 5 Cities Homeless Coalition (5CHC), El Camino Homeless Organization (ECHO), Transition Mental Health Association (TMHA), and Salvation Army (SA). All of these organizations have extensive track records in outreach to the unsheltered population of SLO and have robust programs established throughout the county. Moreover, SA and TMHA will be joining CES in SLO CoC this upcoming grant year to better improve the administrative functioning of the CES in SLO CoC. The funding allows each agency to ensure that all services are coordinated and unified in focus and service provision throughout all geographic areas of the county (north, central, south, and coastal areas) and to allow for cross-agency integration. It provides enhanced staffing to improve progressive engagement efforts with service-resistant individuals who are experiencing prolonged instances of unsheltered homelessness.

All providers recognized the need to assist those with the highest barriers where they are located, sometimes with the goal of bringing them into 40 Prado Homeless Services Center, linking to Housing Navigation services from 5CHC or SA, or permanent housing solutions from ECHO or TMHA. These linkages are most effective when these outreach and engagement efforts are linking them to services and support to address their mental and physical health concerns. Using a “whatever it takes” approach to case management, agency staff visit nontraditional locations such as creek beds, which are frequented by the chronically homeless community. Oftentimes, this is done in conjunction with other service partners, including Transitions Mental Health Association's Homeless Outreach Team (TMHA's HOT). HOT can identify those who suffer from dual diagnoses (mental health illnesses in conjunction with substance abuse disorders) and bring them to 40 Prado for services through SLO Hub (CAPSLO). Additionally, this new project would focus not just on the mental health, physical health, and housing-related needs of individuals but their sexual health and education. CAPLSO will integrate The CLininc - an FQHC that is part of CAPSLO to provide needed reproductive healthcare and women’s healthcare as an integrated partnership.

In addition to this ECHO, 5CHC, and CAPSLO have established a robust partnership with San Luis Obispo Legal Aid Foundation (SLOLAF) to provide legal assistance to individuals

2. Describe your organization’s (and subrecipient(s) if applicable) experience in leveraging Federal, State, local and private sector funds.

Since its designation as the county’s federal Community Action Agency in 1965, CAPSLO has been awarded countless government grants. For over 17 years, CAPSLO has consistently received US Department of Housing and Urban Development (HUD) funding, successfully providing services to San Luis Obispo County’s homeless population. CAPSLO also receives funding through the US Departments of Health and Human Services (HHS), Energy, Agriculture, and Veterans Affairs (VA). State grants include Community Services Block Grants (CSBG), and those through the Departments of Housing Community Development, HHS, and Social Services (DSS). Numerous County of SLO grants is received annually. With over 225 grants awarded each year, CAPSLO is meticulous in completing the required program activities and outcomes as requested by the funder and has a long record of passing all audits/reviews with no findings.

3. Describe your organization’s (and subrecipient(s) if applicable) financial management structure.

With the necessary infrastructure to successfully implement and monitor complex grants and contracts, CAPSLO undergoes an agency-wide, rigorous audit process annually, including inquiry and observation to understand and evaluate CAPSLO’s internal controls, confirmations, interim testing, and compliance audits, and substantive, procedural analysis. Critical audit areas include compliance with federal and state awards, program and support services expenses, accounts payable and accrued liabilities, program revenue and unearned deferred revenue, cash, property, equipment, and long-term debt. CAPSLO's Finance Department will be responsible for processing payment requests. They have a long history of working with the County of San Luis Obispo in submitting payment requests for many grants from various County departments.

6. Component Type: SSO

6a. Select the type of SSO Project: SSO-Street Outreach

7. Is your organization or expected subrecipient a victim service provider defined in 24 CFR 578.3 and uses a comparable HMIS database? No

8. Will funds requested in this new project application replace state or local government funds (24 CFR 578.87(a))? No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

Street Outreach Coordination Project has two main components. The first structured component, coordination, is to coordinate all outreach efforts in the CoC to ensure that there is no duplication of services and the best possible match based on participant needs and location with existing outreach teams. The intent of coordination is to align all outreach activities in a regionally needs-based approach with pathways and policies & procedures that are CoC-wide, allowing for flexibility when needed. This coordination especially involves the tracking of all outreach activities via HMIS and multiple case-conferencing meetings to ensure that participants are being met "where they are at." This coordination will allow for decreased engagement time and decreased time overall for all individuals experiencing unsheltered homelessness as a major component of outreach activities, which are currently spent determining referral pathways and communicating with multiple providers to ensure non-duplication of services provided. The second structured component is the addition of an intensive multi-agency outreach team that is focused on households that have experienced long-term unsheltered homelessness and those households that are service disengaged. Currently, in SLO CoC there is only one Assertive Community Treatment (ACT, aka Full-Service Partnership (FSP)) team targeting those who are long-term chronically homeless and service disengaged, with a total capacity of 33 households. There are no other teams that are targeting this population and there is a major demand as the FSP team here has to prioritize an already highly prioritized population. This outreach team will consist of senior outreach case managers from all partner agencies and will utilize an integrated innovations team approach, having both physical health and mental health providers interlayered for support to each individual and to allow for multiple points of service delivery and engagement. CAPLSO will integrate "The Clinic" - an FQHC that is part of CAPSLO to provide needed reproductive healthcare and women's healthcare as an integrated partnership. The Clinic is already integrated into a 5CHC interim housing project, Cabins for Change, and will build upon this partnership to integrate into this new outreach team. In addition to this integration of healthcare, THMA is an already established provider of Mental Health care and will continue to provide this service in this team-based approach. This street outreach team will meet monthly and will focus on specific individuals that are identified throughout SLO CoC as being in higher need, or more service resistant to typical outreach activities, and are not already engaged with FSP outreach. In this way, this team will fill a current outreach services gap for those who are waiting for FSP services or are not deemed high acuity enough for FSP and are not a good match for typical outreach services already provided in the county.

1a. Describe how the proposed project is consistent with the plan described by the CoC in response to Section VII.B.4 of this NOFA?

This project will bolster, coordinate, and support all existing outreach efforts in SLO CoC. All outreach here is primarily focused on placement into housing programs, where individuals are quickly housed without preconditions or service participation requirements. There are no exiting, or any planned, screening of assistance due to perceived barriers to housing or services, including, but not limited to, too little or no income, active or a history of substance use, domestic violence history, resistance to receiving services, the type or extent of disability-related services or supports that are needed, history of evictions or poor credit, lease violations or history of not being a leaseholder, or criminal record. All participating agencies are adherent to this approach. A core component of a functional Housing First system is leveraging and enhancing current community-based partnerships and programs. All agencies in this application have a long history of linking households successfully with housing resources such as RRH and PSH, they are also linked with wraparound services throughout the housing and stabilization process. There are times in which outreach teams and efforts can often get hampered by trying to treat mental health or substance abuse prior to the establishment of a housing-focused care plan and connections o housing resources. This project will commit itself and all outreach projects in SLO CoC to have all providers establish a housing forced care plan as a primary area of activity. This is already in place at all current agencies and it will be the goal of this project to ensure that there is continued uniformity to this.

4. Will your project participate in the CoC's Coordinated Entry (CE) process or recipient organization is a victim service provider, as defined in 24 CFR 578.3 and uses an alternate CE process that meets HUD's minimum requirements? **No**

5. As an SSO non-CE project answer the following questions:

5a. Describe how the street outreach project will develop a strategy for providing supportive services to those with the highest service needs, including those with histories of unsheltered homelessness and those who do not traditionally engage with supportive services.

All program participants will be engaged by outreach case managers within a Housing First framework and will be part of an expanded Coordinated Entry System. This framework drives & system the engagement of individuals and the pathways to housing. All engagement activities are built towards assessing individuals for housing additional benefits resources and staff are trained in problem-solving frameworks to help individuals reunify with social networks to resolve their experience of homelessness.

Through a progressive coordinated engagement model, this project proposes to work with individuals who have been or continue to be service disengaged by providing needed services for humanitarian needs. The progressive engagement approach is rooted in a Trauma Informed and Harm Reduction approach, that is the team will work with individuals to meet their basic humanitarian needs without the condition of service enrollment focusing all efforts on establishing trust with participants to best understand their needs and meet those needs with direct services or linked/leveraged services. For this approach to be effective across systems it needs to have a large coordination component - that is it needs to ensure that all existing outreach programs are working with their clients in a unified and focused manner. This coordination would include twice-monthly multiagency planning and case conferencing meetings to ensure that we are engaging with all folks who have the highest service needs and those who are service resistant.

This outreach team will be the coordinating body for all outreach teams in SLO and will be integrated into the Slo CES CoC expansion, which will allow for prioritization of the most in need throughout the county. Through a combination of case conferencing and universal assessments, this team will ensure that all individuals who is experiencing unsheltered homeless in SLO CoC will be able to work with the team that best suits their needs. Specifically, this team will focus on those who are in high need (as measured by case conferencing, ViSPDAT (if available), and other assessments or known histories) but do not meet the need for the already established THMA Full Service Partnership team, a Medi-Cal supported program that provides intensive community-based wrap-around services to help people in recovery live independently in a variety of community housing and rentals throughout San Luis Obispo and Atascadero. There are a total of 33 beds of Congregate Supported Independent Living for enrollees of the FSP program. This project is typically focused on individuals who have or are currently experiencing chronic homelessness and severe and persistent mental illnesses. This integrated outreach team would focus on individuals who might need a referral to the FSP team or are deemed not high acuity enough. Currently, these are not provided with any specialized team beyond basic outreach services.

5b. Describe how project refers program participants to projects that specifically coordinates and integrates mainstream health, social services, and employment programs for which they may be eligible?

All program participants will be screened for current benefits enrollments, this is part of the Coordinated Entry System Assessment. If someone is determined to be eligible for insurance and is not enrolled in Cen-Cal (Medi-Cal) then they will be referred to enrollment specialists located at 5CHC to enroll in this benefit. Additionally, all agencies are connected with the SLO Department of Social Services (DSS) and will work with participants in enroll in benefits that they are eligible for (for example, General Relief, SNAP, CalWorks, etc...).

Central Coast Healthcare (CHC) which is an FQHC that is established as a co-located partner with CAPSLO at 40 Prado Homeless Services Center holds the contract locally to provide healthcare to all persons experiencing homelessness in SLO County. CHC provides primary care and drop-in health care services to all referred clients 4 days a week and is also integrated into the greater SLO County healthcare system. Additionally, this project will have The Center (CAPLSO) integrated into the field-based outreach team. This team will facilitate linkage with these resources that specializes in women's health and sexual health to increase a person's ability to access this key resource.

4A. Supportive Services for Participants

1. Describe how program participants will be assisted to obtain and remain in permanent housing.

housing.

All program participants will be engaged by outreach case managers within a Housing First framework and will be part of an expanded Coordinated Entry System. This framework drives & system the engagement of individuals and the pathways to housing. All engagement activities are built towards assessing individuals for housing additional benefits resources and staff are trained in problem-solving frameworks to help individuals reunify with social networks to resolve their experience of homelessness.

All agencies included routinely work with other organizations including those within the SLO Supportive Housing Consortium, and actively advocate with the partner organizations that provide permanent housing, including (but not limited to) TMHA's 70Now!, PASO HomeKey, HASLO, and People's Self-Help Housing. As part of the assessment process, CAPSLO, 5CHC, and ECHO all conduct VI-SPDAT assessments in order to place appropriate clients on the 70Now waiting list. All agencies also participate in HASLO's "set-aside" and mainstream voucher programs and have seen tremendous success in placing and retaining clients in housing. CAPSLO, SA, ECHO, and 5CHC case managers continue to work with their housed clients for a minimum of six months after placement, further ensuring success with HASLO-housed clients. THMA & HASLO provide ongoing supportive services to all placements into PH that are not already supported by ECHO, SA, CAPSLO, and 5CHC. All housing-centered plans provided by these agencies are tailored to the individuals' needs to ensure that the client will be successful in their goals to obtain permanent housing. This plan is followed up through targeted case management efforts by the staff of all agencies. The staff assist participants in getting housing ready (obtaining key documents, setting a budget for move-in, restoring financial credit if needed, increasing income, etc.,) and connect clients to rapid rehousing resources, primarily provided by 5CHC, to quickly end their experience of homelessness.

2. Describe the specific plan to coordinate and integrate with other mainstream health, social services, and employment programs for which program participants may be eligible.

All program participants will be screened for current benefits enrollments, this is part of the Coordinated Entry System Assessment. If someone is determined to be eligible for insurance and is not enrolled in Cen-Cal (Medi-Cal) then they will be referred to enrollment specialists located at 5CHC to enroll in this benefit. Additionally, all agencies are connected with the SLO Department of SOical Services (DSS) and will work with participants in enroll in benefits that they are eligible for (for example, General Relief, SNAP, CalWorks, etc...).

Central Coast Healthcare (CHC) which is an FQHC that is established s a co-located partner with CAPSLO at 40 Prado Homeless Services Center holds the contract locally to provide healthcare to all persons experiencing homelessness in SLO County. CHC provides primary care and drop-in health care services to all referred clients 4 days a week and is also integrated into the greater SLO County healthcare system. Additionally, this project will have The Center (CAPLSO) integrated into the field-based outreach team. Dear Taxpayer:

This is in response to your request of Aug. 07, 2009, regarding your tax-exempt status.

Our records indicate that a determination letter was issued in May 1966, that recognized you as exempt from Federal income tax, and discloses that you are currently exempt under section 501(c)(3) of the Internal Revenue Code.

SECTION II: SPECIAL REMARKS

TREATMENT OF FRINGE BENEFITS:

This organization charges the actual cost of each fringe benefit direct to Federal projects. However, it uses a fringe benefit rate which is applied to salaries and wages in budgeting fringe benefit costs under project proposals. The following fringe benefits are treated as direct costs:

FICA, WORKERS COMPENSATION, AND MAJOR MEDICAL.

TREATMENT OF PAID ABSENCES

Vacation, holiday, sick leave pay and other paid absences are included in salaries and wages and are claimed on grants, contracts and other agreements as part of the normal cost for salaries and wages. Separate claims are not made for the cost of these paid absences.

The next indirect cost proposal based on fiscal year ending 03/31/2019 is due by 09/30/2019.

Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000.

ORGANIZATION: Community Action Partnership of San Luis Obispo
County FKA: EOC of SLO County

AGREEMENT DATE: 2/15/2019

SECTION III: GENERAL

A. LIMITATIONS:

The rates in this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. Acceptance of the rates is subject to the following conditions: (1) Only costs incurred by the organization were included in its indirect cost pool as finally accepted: such costs are legal obligations of the organization and are allowable under the governing cost principles; (2) The same costs that have been treated as indirect costs are not claimed as direct costs; (3) Similar types of costs have been accorded consistent accounting treatment; and (4) The information provided by the organization which was used to establish the rates is not later found to be materially incomplete or inaccurate by the Federal Government. In such situations the rate(s) would be subject to renegotiation at the discretion of the Federal Government.

B. ACCOUNTING CHANGES:

This Agreement is based on the accounting system purported by the organization to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the cognizant agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from indirect to direct. Failure to obtain approval may result in cost disallowances.

C. FIXED RATES:

If a fixed rate is in this Agreement, it is based on an estimate of the costs for the period covered by the rate. When the actual costs for this period are determined, an adjustment will be made to a rate of a future year(s) to compensate for the difference between the costs used to establish the fixed rate and actual costs.

D. USE BY OTHER FEDERAL AGENCIES:

The rates in this Agreement were approved in accordance with the authority in Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200), and should be applied to grants, contracts and other agreements covered by 2 CFR 200, subject to any limitations in A above. The organization may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

E. OTHER:

If any Federal contract, grant or other agreement is reimbursing indirect costs by a means other than the approved rate(s) in this Agreement, the organization should (1) credit such costs to the affected programs, and (2) apply the approved rate(s) to the appropriate base to identify the proper amount of indirect costs allocable to these programs.
