Subject: Special Districts Proposed Budget for Fiscal Year 2019/20

The *Special Districts Proposed Budget 2019/20* is submitted for your review and consideration. The following comments are offered as background, or on specific noteworthy issues.

### San Luis Obispo Flood Control & Water Conservation District

The District provides regional water resource and flood control services including studies, programs, projects, and weather and hydrological data collection and compilation (see [www.slocountywater.org](http://www.slocountywater.org)). Specific projects and programs benefitting the District's zones of benefit and operations are budgeted in the recipient individual funds. The District is funded from an allocation of the Countywide property taxes pursuant to Proposition 13 and related legislation.

The District's 2019/20 budget funds a range of Countywide water resource and flood control efforts divided into 5 major programs that are further described below:

#### A. Regional Program

Integrated Regional Water Management Program (IWRM) Includes implementing and updating the IWRM Plan, coordinating with the Regional Water Management Group, monitoring State and funding area activities relevant to IRWM, and administration of the implementation and planning grant agreements with the State and project proponents.

Water Conservation Management Includes compliance with Assembly Bill (AB) 1420, which requires implementation of certain conservation best management practices (BMPs) by wholesalers. Certain BMPs are best implemented by the District on a regional basis, while others are addressed in the Flood Control Zone 3 Fund (Lopez Lake).

Regional Resiliency Addresses concerns associated with extended drought, including investigating feasibility of projects such as cloudseeding and desalination as options to address drought resiliency, existing deficiencies, and future needs.

- B. Technical Program Includes ongoing hydrologic data collection and management efforts at over 400 sites, California Statewide Groundwater Elevation Monitoring (CASGEM) Program compliance efforts and a contract with the US Geological Survey to share the cost of 3 stream gauges.
- C. Groundwater Management Program Includes coordination with stakeholders in Basins that are subject to the Sustainable Groundwater Management Act (SGMA), and with stakeholders in other Basins as resources allow, in accordance with the County's SGMA Implementation Strategy. Additionally, helping to administer Groundwater Sustainability Agencies (GSAs), monitoring State activities, assisting with establishing formal groundwater basin boundaries with the State, and providing data and other requested technical support as resources allow in the development of Groundwater Sustainability Plans (GSPs).
- D. Watershed Management Program Includes supporting general drainage and flood control efforts such as responding to constituents, investigating drainage issues, programs, and flooding problems for all County areas, consistent with the Board of Supervisors adopted policy on surveillance of drainage and flood control problems. The intent of the program is to provide the technical support should communities wish to establish Zones of Benefit that would fund maintenance, design, and implementation of watershed/drainage/flood management projects.
- E. General Operations Includes supporting the Water Resources Advisory Committee, flood control district strategic planning and budgeting, public information requests and inter/intra-department coordination. The mission is to influence and create consistency amongst water-related policies and programs for the purpose of achieving sustainable communities in alignment with the County's values.

The budget continues to support the following efforts:

- Transfer to Zone 16 (Nipomo Drainage Basins) for additional short-term maintenance activities.
- A bridge loan to the Los Osos Wastewater System to provide for cash flow requirements, if needed. This short-term loan will be repaid with interest as the annual sewer service charge payments are received.
- Transfer to Zone 4 (Santa Maria River Levee) for increased maintenance costs over the estimate provided by the City of Santa Maria.

### Nacimiento Water Enterprise Operating Fund

Funds activities associated with the Lake Nacimiento water lakeside users, the contract with Monterey County Water Resource Agency (MCWRA), and the delivery of Nacimiento water to the agencies participating in the Nacimiento Project.

The budget was endorsed by the Nacimiento Commission on April 25, 2019.

### State Water Contract State Water Project

The District is one of 29 State Water Contractors (SWC) that participate in the Project with the California State Department of Water Resources (DWR). Two District funds are utilized to budget the operations and obligations related to the District's allocation from DWR, and the Water Treatment and Local Facilities agreement between the District and the Central Coast Water Authority (CCWA, a joint powers agency of agencies in Santa Barbara County) which owns and operates the Polonio Pass Water Treatment Facilities.

The costs incurred for the District's "Excess Allocation" of water are budgeted in the Contract Fund, which includes full cost recovery of these pre-Proposition 13 contractual obligations from a Countywide tax allocation. The costs incurred for the water supply delivery and treatment are budgeted in the Project Fund, which is an enterprise fund and fully reimbursed by the agencies that participate in the Project. State Water Deliveries are currently set at 70% for the calendar year 2019 and are sufficient to supply the needs of local agencies for the calendar years 2019 and 2020.

Flood Control Zone 1 (Arroyo Grande Creek Channel)Flood Control Zone 1A (Los Berros Diversion Channel of Arroyo Grande Creek)

The maintenance of the Arroyo Grande Creek and Los Berros Diversion Channels are budgeted in the District's Zone 1 and 1A funds.

Grant funding of \$ 8.0 million along with \$1.9 million in match funding and a potential loan, will be used to implement the initial phases of the Waterway Management Program to provide 10-year flood protection. State and Federal environmental and regulatory permitting efforts and development of final design plans will continue this fiscal year and once completed, the first phase of construction will be initiated.

The Waterway Management Program (WMP) project will involve vegetation and sediment management and a 1-2 foot levee raise. Construction for the project will occur in two phases beginning in 2019 with completion anticipated in 2021.

The Meadow Creek Lagoon Watershed Restoration Plan will be initiated in 2019 to address long term WMP project impacts to steelhead trout and reduce flood risks to the community of Oceano. Staff will pursue partnerships and grant funding for implementing identified lagoon restoration projects in subsequent years.

Other flood control/drainage efforts for Oceano are also being developed in coordination with the County Roads budget unit and Caltrans, most notably, the Highway 1 and 13<sup>th</sup> Street Project (Highway 1 at the intersection of 13<sup>th</sup> Street and Paso Robles Street). Construction began in FY 2018/19. Completion of this Project is expected in FY 2019/20 and will mitigate existing drainage problems for the residents of Oceano, improving public safety and quality of life.

Flood Control Zone 3 (Lopez Lake)

Funds Lopez Dam maintenance, water treatment, and water distribution services. Ongoing efforts include the Arroyo Grande Creek Habitat Conservation Plan (HCP) and capital outlay management.

Flood Control Zone 3 reserves include:

- #1 Contractor Funded Reserves Financed and used by Contractors to stabilize billings in years with higher capital needs.
- #2 District Funded Operating Reserves Held at approximately 50% of routine operations and maintenance costs.
- #3 District Funded Designated Reserves Set aside for significant maintenance and capital costs within the Flood Control and Water Conservation District.

Flood Control Zone 3 (Lopez Lake) continued:

The Committee recommended utilizing the District Funded Designated Reserves towards Zone 3 efforts shown in the following chart. Specific requests to authorize these efforts will be brought to the Board either via the annual budget process or mid-year requests.

<b>Estimated Amount</b>	<b>District Funded Designated Reserves (#3 above) Utilization Plan</b>	<b>Status</b>
\$50,000	HCP Efforts	On-going
\$132,741	Santa Maria Groundwater Basin Model	On-going
\$89,501	Arroyo Grande Creek Watershed Stormwater Resource Plan (Prop 1 Grant match)	On-going
\$386,563 (projection)	Public safety related to water quality and quantity purposes	As needed
<b>\$658,805</b> (projection)	<b>TOTAL District Funded Designated Reserves</b>	

The FY 2019/20 budget was endorsed by the Flood Control Zone 3 Advisory Committee on March 21, 2019.

Flood Control Zone 9

Funds flood control services for the watershed area of San Luis Creek and its tributaries.

Additional funding is being proposed for streambed maintenance activities involving vegetation management, Arundo (bamboo) eradication and silt removal in FY 2019/20. Preliminary design plans and certification of the Final Supplemental Environmental Impact Report (FSEIR) for the Mid-Higuera Bypass Project (located within the City of San Luis Obispo) are complete. Final design plans and obtaining regulatory permits are expected to continue during FY 2019/20.

The initial budget was reviewed and endorsed by the Flood Control Zone 9 Advisory Committee on December 12, 2018. The amended budget was reviewed and endorsed by the Committee on April 10, 2019.

County Service Area 7-A

Funds wastewater collections, treatment, and disposal services for the Oak Shores area, located at Nacimiento Lake.

Revenue and Reserves are at an all-time low for this fund. For the last three fiscal years we've had to cancel reserves in order to meet operations and maintenance efforts. A Proposition 218 rate increase is needed to sustain necessary operations and maintenance, allow for minor capital improvements, and maintain an adequate operating reserve balance for unanticipated costs, and debt service for future system improvements.

County staff conducted several meetings with the Oak Shores Home Owner's Association (HOA) regarding a rate increase beginning in FY 2019/20. A rate increase was selected, and Proposition 218 efforts began in December 2018. However, in January 2019 a public hearing was held, and majority protests were received so our attempt at a rate increase failed.

Shortly after the failed protest, County staff began meeting with the HOA again to come up with another rate scenario that would be supported by the community. Staff is simultaneously researching the sale of the wastewater system should an adequate rate increase not be supported. The proposed budget reflects increased revenues according to the most conservative rate presented to the HOA. If this rate increase fails again, we'll plan to adjust the budget accordingly during the final special district budget process that occurs in September 2019.

County Service Area 10 - Parent Fund (CSA10 PF)

County Service Area 10 - Water Treatment Facility (CSA10 WTF)

County Service Area 10 - Fire Protection (CSA10 FP)

County Service Area 10 - Weed Abatement (CSA 10 WA)

County Service Area 10 - Funds energy costs for the street lights within the Cayucos area. For FY 2019/20, there are no major Capital Improvement projects being proposed.

County Service Area 10 - Water Treatment Funds the operations and maintenance of the Cayucos water treatment plant. This facility provides water treatment services through interagency contracts between all of the water purveyors in Cayucos. Property tax revenue in CSA 10 is used to help offset the capital outlay and increased operation costs of the water treatment plant which benefits water customers in the entire community of Cayucos.

County Service Area 10 – Fire Protection Funds the fire protection services within the Cayucos area. On July 19, following a public hearing, the San Luis Obispo Local Agency Formation Commission (LAFCO) dissolved the Cayucos Fire Protection District and activated the fire service power within this service area. The County Fire Department will administer and provide the fire protection services.

County Service Area 10 – Weed Abatement Funds weed abatement services within the Cayucos Area. On March 26, 2019 in order to continue weed abatement efforts within this service area, an ordinance was adopted following a public hearing by the Board of Supervisors. The County Fire Department will administer and operate the weed abatement program

### County Service Area 10-A

Funds water service in the Cayucos strand area.

The Proposition 218 efforts of fiscal year 2018/19 yielded a successful rate increase allowing the County to move forward with the next phase of the Water Tank project. Having already completed the preliminary engineering, environmental, design and right of way phases of the Water Tank project, the County can now proceed with finalizing a USDA loan to fund the construction phase of the project.

### County Service Area 16

Funds energy costs for street lights and water service in Shandon.

Shandon has been paying for an annual allocation of 100 Acre Feet of State Water since the early 1990's. Based on community input, the Board policy since the late 1990's was to attempt selling this allocation. This policy was changed in 2011 to utilize the allocation due to changing community desires. As a result, a connection to the State Water pipeline was completed in July 2016.

The escalating operational costs of the aging water system will require analysis in order to increase water rates for operations and infrastructure improvements.

County Service Area 23

Funds energy costs for street lights, water and drainage services in Santa Margarita.

The escalating operational costs of the aging water system will require analysis to increase water rates for operations and infrastructure improvements. Currently, County staff is working on a community outreach effort to determine the appropriate rate increase option in an effort to move forward with the Proposition 218 process.

This budget document was prepared by the County's Public Works Department.

Sincerely,

---

JOHN DIODATI  
Interim Director of Public Works
