Dear Business Property Owner,

In a continued effort to improve service and operate more efficiently the Assessor's office is asking that you submit your 2015 Business Property Statement on-line using our e-file system.

This notice includes all the information you need to file your property statement on-line for the 2015/16 tax year. Your account number and Business Identification Number are printed below. With these two numbers you can access the system and file your current year's statement. If you e-filed last year all the information you submitted last year will appear on your e-file account this year. All you need to do is answer the questions, make any business changes, and enter disposals and additions from 2014.
