

Welcome from Jim Grant, County Administrator

It is my honor to serve as County Administrator for the County San Luis Obispo.

The year ahead will undoubtedly bring many challenges, I am confident that, with your Board's experience, strong leadership and commitment to the County's vision, our team will continue to find innovative, creative ways to address the public's needs and meet the challenges ahead. It is my pleasure to continue to serve the residents and communities of San Luis Obispo County.

I encourage you as well as our employees to follow [Board agendas](#) and actions since that policy direction is our roadmap to action. In all of our challenges, the Board's direction and the work of each of our employees are the keys to the County's success.
