TO: Board of Supervisors

FROM: Richard Warren, Civil Engineering Technician *RW*

VIA: Glen L. Priddy, Deputy Director of Public Works - Engineering Services *GP*

DATE: February 28, 2006

SUBJECT: Submittal of a Resolution Amending the Traffic Regulation Code Establishing Yield Right of Way Intersections on Carmel Road at Morningside Drive, Santa Margarita; Wild Oats Way at Herdsman Way, Templeton; and El Moro Avenue at Twelfth Street through Eighteenth Streets, Los Osos

Recommendation

It is our recommendation that your Board adopt the attached resolution amending the County's Traffic Regulation Code pertaining to yield right of way intersections.

Discussion

The proposed yield right of way on Wild Oats Way at Herdsman Way is a follow-up action to a citizen's request to assign right of way on uncontrolled intersections.

At the Carmel Road and Morningside Drive intersection there is a "T" intersection with no traffic control. This action will require Carmel Road traffic to yield to through traffic on Morningside Drive.

At El Moro Avenue, right-of-way will be assigned on the completed bicycle pathway as part of the project traffic control plan. Bikes using the pathway will need to yield to cross street traffic and cross street traffic speed is controlled with revised cross walks at the bikeway crossing.

Other Agency Involvement/Impact

The California Highway Patrol and the Sheriff's Department enforce the Vehicle Code on County Roads, and support these revisions in order to more effectively enforce the code sections on these streets.

*B-20
2*

Financial Considerations

Posting of signs and markings will cost approximately \$600 at each location. This is within the Road Fund's budgeted amount for this activity.

Results

Approval of the recommended action will enhance County road safety and operations by assuring improved safety measures at intersections and on our streets, thus improving community livability.
