DATE: February 28, 2006

SUBJECT: Submittal of a Resolution Authorizing Execution of Notice of Completion for Earthquake Damage Repairs to Various On-System Roads in San Luis Obispo County, Contract Nos. P12Q441, P12Q403, P12Q404, P12Q405, P12Q306, P12Q207, P12Q111, and P12Q214

Recommendation

It is recommended that the attached resolution, which authorizes the execution and acceptance of a notice of completion for the Earthquake Damage Repairs to Various On-System Roads in San Luis Obispo County, Contract Nos. P12Q441, P12Q403, P12Q404, P12Q405, P12Q306, P12Q207, P12Q111, and P12Q214, be adopted.

Discussion

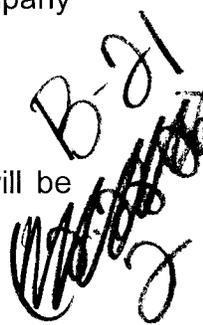

This contract provided for repairs to damaged roadway facilities on seven County roads caused by the San Simeon Earthquake. The work primarily involved the removal and replacement of damaged asphalt surfacing on those roads with removal and replacement of curb, gutter and sidewalk on Pier Avenue. The roadway repair work is now complete on Price Canyon Road, Corbett Canyon Road, Lopez Drive, Pier Avenue, Old Creek Road, Vineyard Drive, Nacimiento Lake Drive, and Templeton Drive.

Other Agency Involvement/Impact

This project is partially funded by FHWA's Emergency Relief Program, and administered by Caltrans Local Assistance. The scope of the work was approved by FHWA, Caltrans, and the County. The project work was completed without impact to public agency or utility company facilities.

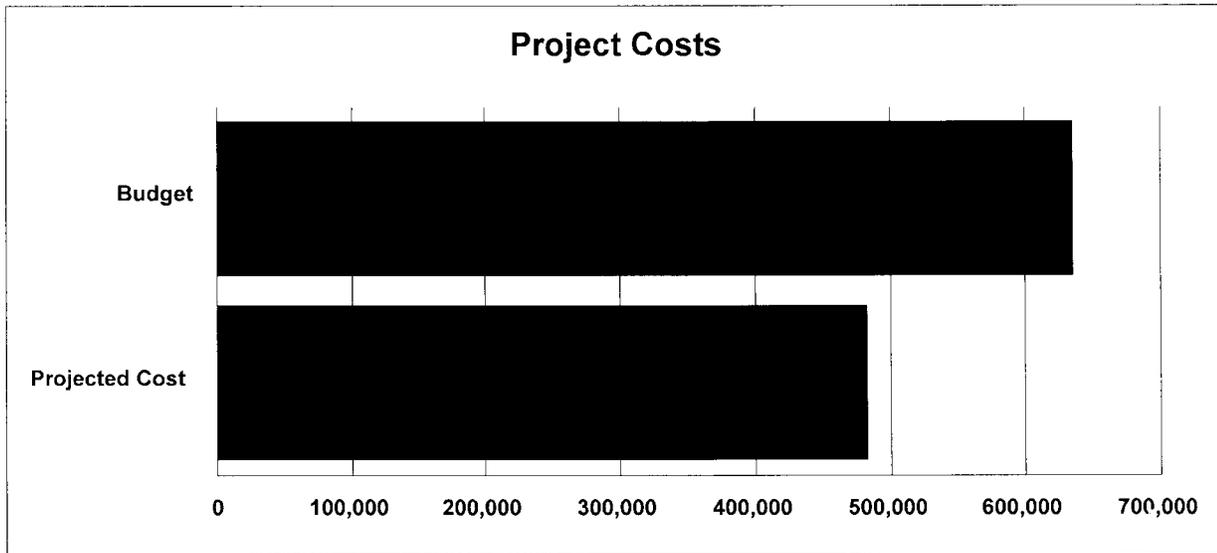

Financial Considerations

The total actual project costs are expected to be \$482,372 and funding by FHWA will be \$392,534. For a more detailed breakdown of costs and funding, see Exhibit A.

B-21

A final report of actual project costs will be filed with the clerk after any and all claims, disputes and adjustments have been resolved. We do not anticipate the final project cost to differ materially from the currently estimated total. Five percent (5%) of total contractor payments are held by the County and released only after meeting the legal holding period after the Notice of Completion is filed.

The following chart compares the current project cost estimate to the budgeted amount.

Results

By taking the recommended action, your Board will cause the legal notice of completion for this construction contract to be recorded, and start the period of time during which liens can be filed by subcontractors against the prime contractor.
