**TO:** Board of Supervisors

**FROM:** Richard Warren, Civil Engineering Technician *RW*

**VIA:** Glen L. Priddy, Deputy Director of Public Works - Engineering Services *GP*

**DATE:** May 9, 2006

**SUBJECT:** Submittal of a Resolution Amending the County Traffic Regulation Code for the Establishment of No Parking, Limited Parking, Angle Parking and Disabled Person's Parking Zones on Wilson Street and Tefft Street, Nipomo; Thirteenth Street, Oceano; Front Street, First Street, San Juan Street, San Francisco Street, San Miguel Street, and San Luis Street, Avila Beach

## Recommendation

It is our recommendation that your Board adopt the attached resolution amending the County's Traffic Regulation Code sections involving no parking, limited parking, angle parking and disabled person's parking.

## Discussion

The Department of Public Works received requests for action at the following locations.

### Wilson Street, Nipomo

Limited parking on Wilson Street will follow-up a request from Nipomo Community Services District for improved customer parking. One parking stall limited to 20 minutes would be placed on the west side of Wilson Street at the District office.

### Tefft Street, Nipomo

We received a request for parking restriction from a local business owner on Tefft Street immediately west of Oakglen Avenue. Vehicles leaving the private parking lot were unable to see westbound Tefft Street traffic. Posting this location will increase sight distance.

B-14  
2

Thirteenth Street, Oceano

Thirteenth Street is a collector street used largely as a connector from the City of Grover Beach and Highway 1. Residents have expressed concern over visibility of the 13<sup>th</sup> Street and Belridge Street intersection. Posting no parking will enhance vehicle and pedestrian safety by increasing sight distance from Belridge Street onto Thirteenth Street.

Various Streets in Avila Beach Central Business District

Public Works has received requests for changes in parking zones at various locations within the reconstructed streets of Avila. After review with business owners and Avila Valley Advisory Council, it became apparent the parking regulation needed additions, revisions, and deletions. Parking was being tied up with the many contractor employees working in the area. Long term needs will require greater parking turnover to accommodate business needs and street cleaning. The attached resolution will revise the County Traffic Regulation Code.

The Traffic Code changes will bring the parking in compliance with the County Traffic Regulation Code. Adoption of these regulations does not require a public hearing.

**Other Agency Involvement/Impact**

The California Highway Patrol and the Sheriff's Department will enforce prohibition once posted. Nipomo Community Services District and the Avila Valley Advisory Council were consulted regarding these changes.

**Financial Considerations**

Placement of signs is estimated to cost approximately \$400 per location. This is within the road fund budgeted amount for this activity.

**Results**

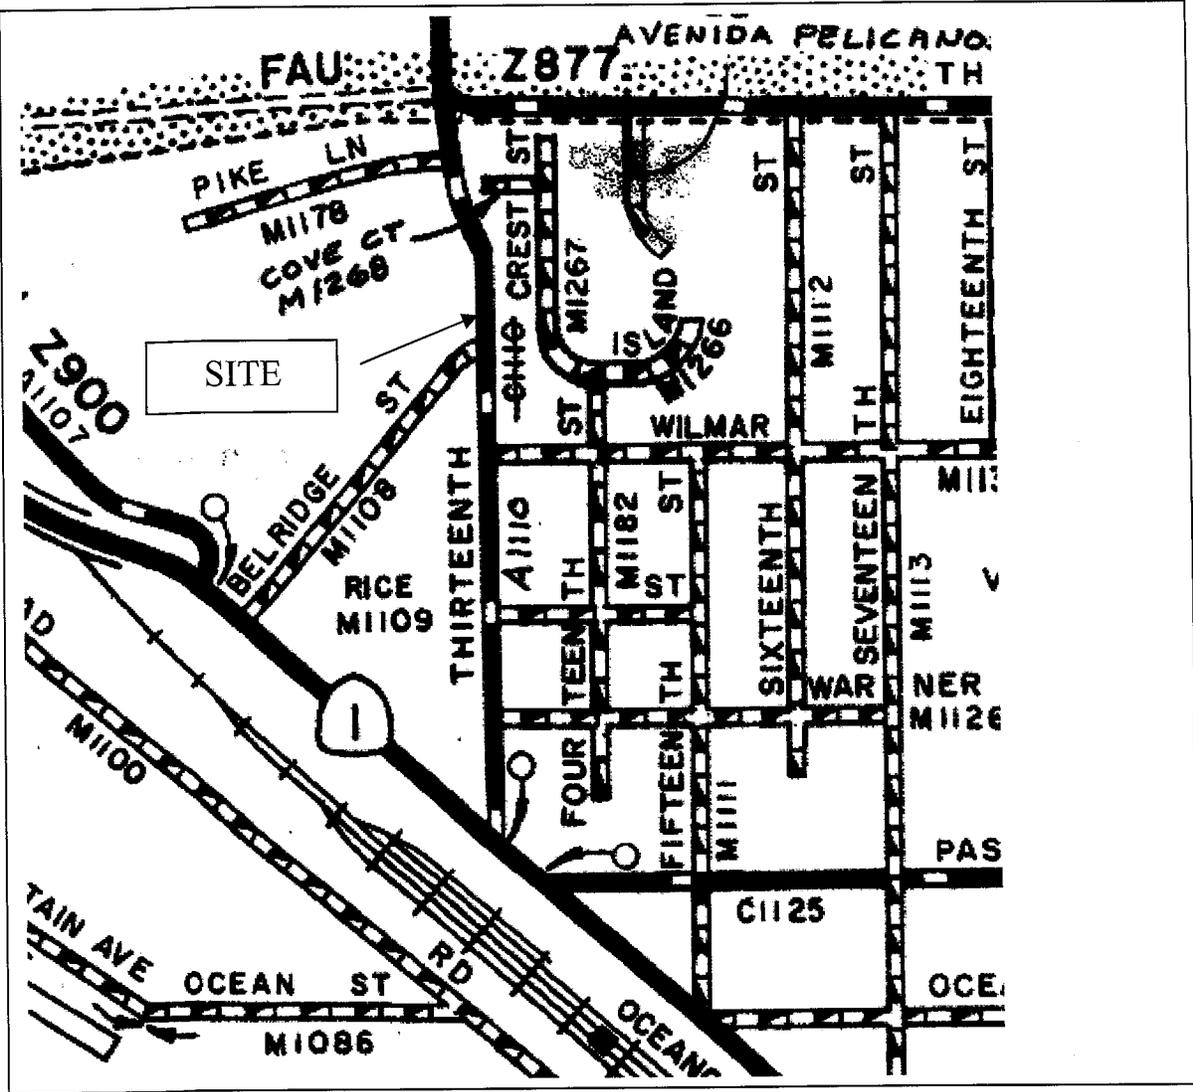

Approval of the recommended action will facilitate parking for the disabled in the locations noted. Ultimately, this action will provide for a safer and better governed community.
