SUBJECT: Submittal of a resolution and maps (Clerk's File) requesting changes in mileage of maintained County Roads as required by the State Department of Transportation

Recommendation

It is recommended that the proposed resolution requesting changes in mileage of maintained County roads, as required by the California Department of Transportation, be adopted.

Discussion

In what is an annual process, data and exhibits substantiating new roads to be maintained by the County (Clerk's File) have been prepared for transmittal to the State Controller.

This past year, 5.948 miles of roads were accepted into the maintained system by your Honorable Board. There was a deletion of 0.040 miles, leaving a net gain of 5.908 miles. Therefore, the current total maintained County mileage is 1,321.766.

Information supplied to the State Controller by the State Board of Equalization amends any mileage changes in County roads occasioned by municipal annexations.

Other Agency Involvement/Impacts

This material is supplied to the District Caltrans office.

Financial Considerations

The financial implication of this action for the County Road Fund is minimal. However, the number of miles of maintained roads within the County is a factor in determining the gas tax allocation and must be submitted to the State annually.

As the County accepts new roads into the maintained road system each year, it also accepts the corresponding on-going maintenance costs responsibilities associated with our road maintenance responsibility. Throughout the year, each time additional roads are proposed to your Board for acceptance, a corresponding estimate of the additional annual maintenance cost is also presented.

Results

The result intended by this action is to accurately account for the extent of the County Road System, and report the mileage to the State, as required by the State law. This, in turn, will result in our County receiving an appropriate amount of tax revenue. This tax revenue provides funding so that the Road System can be maintained and provide a safe and efficient transportation facility.

**RESOLUTION REQUESTING CHANGES IN MILEAGE OF
MAINTAINED COUNTY ROADS IN THE COUNTY OF SAN LUIS OBISPO**

PETITION TO CALIFORNIA DEPARTMENT OF TRANSPORTATION

The following Resolution is now offered and read:

WHEREAS, Section 2121 of the Streets and Highways Code provides that in May of each year, each County shall submit to the Department of Transportation any additions or exclusions from its mileage of its maintained County roads, specifying the termini and mileage of each route added or excluded; and

NOW, THEREFORE, BE IT RESOLVED THAT:

The mileage of County maintained roads, be corrected in accordance with the indications in color on the map marked Exhibit "A," and in accordance with the additions and corrections to the attachment tabulation marked Exhibit "B," both exhibits being hereby made a part of this resolution (Clerk's File); and

The County finds that the total mileage of County maintained roads is 1321.766 miles; and

That the County hereby requests by this resolution that the road mileage of the County road system be changed by the California Department of Transportation for the purposes of the statute as set forth herein above.
