Julia Miller, Network Coordinator
jmiller@co.slo.ca.us

June 2005

The Children's Services Network has set five goals for the children of San Luis Obispo County – that they are safe, healthy, at home, in school and out of trouble.* Enclosed please find the 2005 Children's Summary Report, an overview of how the children and families in our community are faring in the current political and budget climate.

This year we are pleased to present a broader and more comprehensive assessment than we have been able to in the past. The availability of data, the community's interest and funders' demand for outcome data have all increased in the past few years and we are able to collect and collate more relevant information than ever before. This Report presents broad findings as well as local city and school district information so that effective planning can target specific areas for improvement as needed.

We welcome your input into this process and your comments on the 2005 data report. Please contact the CSN Coordinator, Julia Miller, at jmiller@co.slo.ca.us. This Summary Report and other information about the CSN and its projects can be found on our website at www.co.slo.ca.us/csn.

Sincerely,

Lisa Fraser

Lisa Fraser
Chair

*In this context "at home" includes appropriate, permanent placement and "in school" includes age- and developmentally-appropriate care settings.
