**6:00 - 9:30 pm
\$10.00**

Non-refundable registration fee

Join us for dinner from 6:00 to 6:30 and then discover why the ASQ 3 & the SDQ (Strengths & Difficulties for School Age children) are the most accurate, cost effective and parent friendly way to identify children with developmental delays. Because the questionnaires are completed by parents who know the child best, they get the most accurate results, save time and parents become an integral part of the screening process. For Center based and Family Child Care programs, they reveal a child's strengths as well as areas of concern and helps teach parents about child development and their own child's skills.
