

ASPEN
(Atascadero School Placement Empowerment Network)
is coming soon to your school

There are approximately 300 youth in foster care in San Luis Obispo County. You may know one of them. You may know one that will be placed into foster care.

You can be of support during a time of crisis.

Look for future information about how you can become involved in providing a home for a youth in need of placement within your local community.

For additional information call: The San Luis Obispo County Department of Social Services, Gina Cindrach 781-1776
