Free Well-Child Check-ups (regardless of immigration status)

The listed clinics provide comprehensive health check-ups and screenings by appointment for babies, children and teens through the CHDP Program.

If your family has low to moderate income and your child is less than 19 years of age, call a CHC office marked with an asterisk (*) and ask for a CHDP appointment through the Gateway system. Appointment availability is based on the doctor's schedule.

If your child is less than 21 years of age and is a CenCal Health member, call and schedule a CHDP appointment with the pediatrician listed on your child's CenCal Health benefits card.

*** Providers marked with a * take new Medi-Cal clients.**

Call individual providers for updated information.
