## INVITATION TO BID #3574-12

### ADDENDUM NO. 1

#### Arroyo Grande Creek and Los Berros Creek Channels Vegetation Thinning

July 9, 2012

1. Please note the following changes to Invitation to Bid #3574-12. All changes shall be incorporated in and become part of the respective bid.

1. Amendment to Scope of Work Section 5:

Removal of invasive species should be done prior to removal of willows from each channel section. For removal of Castor Bean the plants should be removed by hand first, and three weeks later the remaining stalks should be treated with herbicide after re-growth has begun. Herbicide used must be approved for use (i.e. Rodeo) and may only be applied by a qualified applicator.

---

Clarification and Amendment to Scope of Work Section 8:

This year the vegetation removal will require the mowing and hedging of the levee tops in Sections A and B. The Los Berros Channel, Section C, has already been maintained and does not need to be mowed. In addition, Scope of Work Section 8, Item A should be deleted/removed and not included in the per acre unit cost for Section C.

2. All other specifications, provisions, and conditions remain unchanged.

 - BUYER  
 Phill Haley, for Debbie Belt

### ACKNOWLEDGMENT

\_\_\_\_\_ Dated

The foregoing addendum is hereby acknowledged and was considered in final submission of Invitation to Bid # 3574-12, to be opened on July 17, 2012.
