

COMMUNITY EMERGENCY RESPONSE TRAINING

Learn how to protect yourself and your family from the next unknown disaster.

WHAT IF...

You dialed 9-1-1 and there was a busy signal?

OR...

There wasn't a dial tone at all?

If a major disaster occurred in our community right now, would you know how to take care of yourself and assist others? CERT will get you ready for any disaster.

Community Emergency Response Training is the answer for citizens looking to protect themselves, help their family, and assist their neighbor from the next unknown disaster.

Come learn how to prepare your home, gain basic First Aid skills, extinguish small fires, and more.
