# Welcome & Introductions

# Gov's Budget Surprise

State is now deciding between TWO different options to expand Medi-Cal

## #1 Expand Existing State Program

- Build on existing Medi-Cal program
- Standardized statewide benefit pkg
- State funds expansion w/ 1991 realignment \$
- County savings from MIA programs would then fund other programs previously funded by state

## #2 Expand Via New County Programs

- Counties responsible for expansion
- Each county to build on existing LIHP or new *Medi-Cal-like* program
- Counties develop provider network, set rates, process claims
- Counties may choose to add to statewide min benefits package
- Requires fed approval

# Objectives of the Group

Coordination  
Collaboration  
Integration

- Develop & Support Provider Network
- Coordinate Outreach, Education & Enrollment
- Support Enrollment Retention
- Improve System Utilization
