

# Health Care Reform and Immigrant Families: Who is Eligible for What?

For more health info, including handouts about immigration status and health coverage:

[www.slohealthaccess.org](http://www.slohealthaccess.org)

Friday, January 31, 2014

1:00 – 2:00 p.m.

SLO County Webinar

**This free webinar** for professionals who work with immigrant families will answer questions related to immigrants and health care reform, including:

- ❖ Medi-Cal and Covered California eligibility,
- ❖ Mixed status family issues,
- ❖ Options for lawfully present immigrants, including DACA,
- ❖ Covered California and taxes, and
- ❖ Other options for health care.

Ample time for questions will be provided. Note that the training will be in English.

## Presenters:

Joel Diringer, JD, MPH  
HAT Project Principal, Health Policy and Farmworker Health Expert

Amparo Cid, JD  
Director, Sustainable Rural Communities Project, CA Rural Legal Assistance Foundation

**Who should attend?** Staff from non-profit agencies and Family Resource Centers, social service and health organizations, child care facilities and preschools, and others who work with immigrant families.

**How does it work?** Register online by filling out a form with your name and email. You will receive an email with instructions and a link to the webinar. You may need to download software to run the webinar, which will allow you to see the presentation and type in questions. If your computer does not have speakers, you can call in by phone to hear the audio. Any number of people can watch from one computer.

---

**To register,** email Becca Carsel, HAT Project Director, at [becca@beccacarsel.com](mailto:becca@beccacarsel.com) for a link to the registration page, or register online at [www.slohealthaccess.org](http://www.slohealthaccess.org).

## About HAT

The First 5 Health Access Training project is part of an overall strategy to address the health care needs of children ages 0-5 in San Luis Obispo County. The project works to raise the level of awareness, knowledge and skills with regards to the county health care system for providers who interface with families with children prenatal to age 5 by providing training, technical assistance, information and support. The project also advocates to reduce barriers to health care and service availability and offers focused support to the Health Navigator program.

Diringer and Associates, a San Luis Obispo-based health policy consulting firm with over 30 years of experience in the field of health care, is providing staffing for the HAT contract.
