Subject: Oil Trains

---

Dear Members of the SLO County Board of Supervisors:

At a time when fossil fuels are being phased out in favor of clean energy, Phillips 66 is asking our Board of Supervisors to approve a scheme that would carry at least one oil train through my town, San Luis Obispo.

A vote against this scheme is a vote for the future, clean energy and the environment.

A vote for this scheme is a vote for the past and dirty energy and against the health and safety of those who live in the county.

When you cast your vote, you represent not only your own district but the entire county, which includes me. I live in the so-called Blast Zone.

Please—vote responsibly. Vote NO!

Thank you,

Barbara Frank and the three people who live in my house  
2725 Augusta Street  
San Luis Obispo, CA 93401
