Question or Comment	<p>Please follow the staff recommendation and deny this project! I live along the railroad in the City of SLO and will be severely impacted by this project. In addition, I believe the economic health of the entire County hangs in the balance since the County's tourism industry (a large economic driver) will also be impacted by this project (which is a small economic entity). As the staff reports indicates there are insufficient economic, environmental, social, and health and safety benefits for this project. Therefore there can only be one answer....Denial of the project. Thank you for your time.</p>
