Comments or questions:	To: The Planning Commission, Re: Phillips 66 Rail Spur I live within 2 blocks of the Union Pacific Railway tracks running through downtown San Luis Obispo, as do thousands of other SLO residents. I encourage you to deny the application for the Phillips 66 Santa Maria Refinery in Nipomo and remind you of the nearly unanimous opposition of City and County governments up and down this railway line

to expanded oil trains running through our neighborhoods. Cal Poly student organizations oppose increased oil-train traffic, as do local nursing and teachers organizations. Emergency service providers in our area have expressed that they are not adequately equipped or trained for an oil train disaster like the one that occurred in Oregon just this past year. Do the right thing and support the wishes of the constituents of San Luis Obispo City and County and deny the Phillips 66 application. Charles Myers 1170 Bishop Street San Luis Obispo, CA
