Subject: RE: SLO County Planning Commissioners contact info

Here is the message I tried to send to Don.

I have been attending the commission meetings on the Phillips 66 Rail Spur, and have realized that there is no real benefit to the citizens of our county in this project. I am hoping that after reading about the train derailment in Mosier, Oregon, you now recognize that there is really no way anyone can insure our citizens' safety if this project is approved and you allow at least three oil trains per week to come down Cuesta Grade. The tracks in Mosier, Oregon were inspected 3 days before and the accident was due to rusty bolts. Please reconsider your vote on this project and please do NOT grant a continuance to extend the hearings as was recently requested by Phillips. This has been researched and discussed enough.
Sincerely,
Cheryl Storton

Cheryl,
You can just forward to me and I will forward to the commissioners. Your other email was already forwarded to the commissioners and will be posted on-line sometime today. Thank you.

Hi Ramona,
The e-mail for Don Campbell doesn't go through. Do you have another e-mail for him?
Thanks,
Cheryl Storton

Subject: SLO County Planning Commissioners contact info

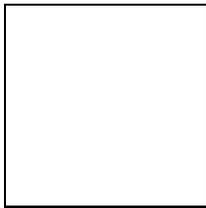

Hi Cheryl,

The Planning Commissioners are volunteers here at our department so some of them do not want their personal contact info released. I do not release personal home addresses. In all cases I can be emailed invites and emails for the commissioners and I forward them on to the commissioners. Otherwise here are the contact information for the commissioners:

Jim Irving: 591-5203 Jim@jimirving.com pasorealtor@gmail.com
Ken Topping No contact information (email RHedges@co.slo.ca.us)
Eric Meyer P.O. Box 16160, SLO, CA 93406 frenchbicycles@gmail.com
Jim Harrison sbwlff@sbcglobal.net
Don Campbell epv@wilblu.net

Thank you!

Ramona Hedges, Planning Commission Secretary
