Question or Comment	I have learned that one of the topics on your agenda for the Feb. 4th meeting is to build a oil terminal in San Luis Obispo. Unfortunately, I am unable to attend. I am vehemently opposed to such a terminal for several reasons. I'm a teacher, and I don't want oil trains rolling through our community endangering our children and our environment. The safety of these trains has been shown on many occasions; I don't want the risk to our community or our state. We should be encouraging actions that keep fossil fuels out of our community for the sake of our planet and our children. Please vote against allowing this terminal in our community. Thank you.
