Subject: Please support the Rail Extension Project

Dear County Supervisor Lynn Compton,

I am contacting you to voice my support of the Phillips 66 Rail Extension Project. As a local to the area, I believe that not only do the project's benefits outweigh any potential risks, but I also strongly believe that the refinery is one of the cornerstone's of our local economy.

Nearly 200 working families depend on the Santa Maria Refinery to put food on the table for their families. The Phillips 66 Santa Maria Rail Extension Project will allow these employees to keep their jobs, feed their families, and give back to the local economy. In addition to those 200 people, hundreds of other people, businesses, and children are benefited by the income produced by the refinery. The Santa Maria Refinery employees contribute to the local economy by supporting local businesses and the local businesses are able to sustain their businesses and contribute back to the local economy.

Please stand beside me in supporting this extremely important project.

Kind regards Hitoshi Yamada, 1547 Old Oak Park Rd. AG, CA 93420
