Subject: Say NO to the Phillips 66 oil train proposal

I urge the San Luis Obispo County Planning Commission and Board of Supervisors to reject the Phillips 66 proposed rail spur. This project creates significant, unavoidable, and unnecessary risks for our communities and our climate.

Tar sands means more carbon pollution. At every stage of the mining, transportation, and refining process, Canadian tar sands are more carbon intensive than other sources of oil. Bringing tar sands to California will undermine the state's efforts to be a global leader addressing climate disruption.

Say NO to the Phillips 66 oil train proposal.

John Joranco

Atascader, CA 93422
