Subject: SLO & Phillips 66 oil trains

Dear Department of Planning and Building:

On Friday, a train hauling 96 cars of crude oil derailed and exploded near the Columbia River Gorge in Mosier, Washington. Schools and homes nearby were forced to evacuate, but thankfully, no one was hurt. This serves as a powerful reminder of what's at stake in the fight to stop the Phillips 66 oil trains project in SLO. Now more than ever, we need to make sure the SLO County Planning Commission does the right thing and says 'No' to oil trains.

Regards,

Mal Gaff
