Question or Comment	<p>I am unable to attend the meetings regarding Phillips66 due to other obligations. I live on the Mesa and have never heard of any problems with Phillips 66 in the 19 yrs living here. The comments have been about transporting the crude oil, nose etc. What does the freight trains carry and Amtrak carry to run their trains but crude oil. They have noise etc. The thought that this board might be responsible for lost jobs, and hardships on family because of peoples closed minds is beyond me. Some of the people at your meetings have been seen on TV at other meeting to oppose and have their face on TV. Question is "do they really oppose or want to be seen on TV or get their names in the paper? I support Phillips 66</p>
