Survey Response

Name	Nick Dikas
Contact Information (Phone Number, Email, etc.)	royswhitedove@gmail.com
Question or Comment	<p>Hello, My name is Nick and I live in San Luis Obispo. I am contacting you to urge you to withdraw support for the proposed rail spur in San Luis Obispo County. I am strongly opposed to the project because it encourages further fossil fuel extraction, which we cannot afford. We are already feeling the effects of global climate change by way of worse droughts and fires here on the Central Coast. I am also opposed to the project because it threatens the safety of families, students, and the environment within the spill and blast zone. For example, an oil train derailed in the Columbia River Gorge in Oregon last Friday, spilled oil, and ignited: http://katu.com/news/local/train-catches-fire-outside-mosier-in-the-columbia-river-gorge-oil-smoke-hood-river. This scenario and even worse results are very possible in San Luis Obispo. It would be a disaster. Please do what is morally right and oppose this project which severely threatens</p>

	public health and safety.
