Subject: Oil Train Issue

Dear Sir/Madam,

I am a married woman living in Grover Beach not far from the rail tracks. I have asthma and I look after my disabled husband who also has lung problems. If these oil trains are allowed to come through San Luis Obispo county it will be utterly detrimental to our health. Not only that, but the smell, the danger of spillage, the pollution of air, water and land where our wonderful California produce is grown would be devastating to everyone living in this area.

I am totally against this proposal to have oil trains travel through San Luis Obispo county, and implore you to prevent this happening. Our lives are at stake.

Yours sincerely,
Sarah Newfeld Green,
