RE: Phillips 66 Rail Spur DRC2012-00095

Dear Chairman Campbell and Commissioners,

North County Watch is a 501 3c non-profit Public Benefit corporation. We are an all-volunteer organization committed to sustainable development in and around north San Luis Obispo County.

We support the Staff recommendation to deny Development Permit DRC2012-00095 for a rail spur at the Phillips 66 facility in Nipomo.

Of particular concern are the safety and public health issues (County Safety Element, Fire Safety Policy, Hazardous Materials policy) and Air quality impacts that would affect the entire county if the project was approved. These issues and all the Class 1 impacts are well covered in the staff report and the EIR.

We urge you to deny the project based on all of the findings in Exhibit C of your staff report.

Sincerely,

A handwritten signature in black ink, appearing to read 'Susan Harvey', written in a cursive style.

Susan Harvey, President
