

**Proposed rail spur for Phillips 66**  
**Susan Shields** to: rhostetter

Dear Board of Supervisors,

I am alarmed by the prospect of Phillips 66 sending up to five 80-car trains carrying crude oil through Ventura, Santa Barbara and San Luis Obispo Counties each week if their rail spur is approved. This represents a terrible risk to our coastal environment and to the residents who live in the blast zone - the one-mile evacuation area in the event of an oil train derailment and fire. I hope you will not approve this project.

Yours truly,

Susan Shields
