Subject: Support for the Rail Extension Project

Dear County Supervisor Debbie Arnold,

I hope you are well.

I wanted to voice my support for the Phillips 66 Rail Extension project. You have heard the talking points in support, and they're spot on. But in a nutshell, this is good business. It's better to refine oil in our region. It's better to keep the jobs, the tax base, and the validity of this still very useful plant in tact.

As a 25-year local to the area, I am familiar with the cornerstone companies that continue to raise the bar on safety, community focus, and provide some of the highest paying jobs. Our energy companies are among these and this project just allows it to continue providing service to this county.

Please help me in supporting this important project.

Most sincerely,

Tim Williams
