

SLO County Planning Commission
Attention Romana Hedges

I am writing to support the the application permits for Kiler Ridge Olive Ranch. I am a resident of Paso Robles at 2035 Summit Drive. Over the last few years, I have been a regular visitor and customer of Kiler Ridge olive oil products and facility for the reasons that it produces an extremely high quality product and is a lovely spot. This is the type of business that any community would love to have. It is low impact, high quality, and esthetically pleasing. It supplies employment and attracts discriminating out of town visitors.

It is in need of a permit to run a small restaurant in order to maintain the financial viability of the facility. This would also increase the local economy in a positive way. I have been fortunate enough to have sampled the cuisine of their previous cook and it was as good as anything offered in the area.

It provides a very valuable service to other olive oil producers by maintenance of a state of the art olive oil press available not only to local commercial producers who do not have such equipment but also to non commercial persons with a few olive trees to process their own fruit. (I have done this for the last few years producing a few liter of very good oil for personal use). They need to have a permit to operate this facility. Of interest is that it can be hardly heard outside the building due to the sound dampening properties of the structure.

They must have a permit to operate a tasting room in order to maintain their primary business consisting of the sale of their high quality olive oil. Their tasting experience was very informative and a least as enjoyable and informative as any wine tasting that I have attending in this area.

Again, I would think that any community would be desirous to have such an outstanding business in their area. It is really all positive and no negative.

Thank you very much:

James Sprout MD, 2035 Summit Drive Pasp Robles, CA 93446,

I am writing to express my appreciation for the information provided by the Planning Commission regarding the proposed development. I have been a member of the Planning Commission for several years and have been a regular attendee at the meetings. I have a strong interest in the development and the potential impact it will have on the community. I would like to have a copy of the information provided to me for my records.

I am pleased to hear that the Planning Commission has approved the proposed development. I believe this is a positive step for the community and will help to improve the local economy. I have been looking forward to this development for some time and am glad to see it moving forward. I would like to have a copy of the information provided to me for my records.
