Dear SLO County Planning Commission and Board of Supervisors,

I am a third generation resident of San Luis Obispo and teacher of thirty-five years. I am writing to plead with you to do everything in your power to STOP the Phillips 66 Oil Train Project NOW! This project puts EVERYONE living in the county at risk. So, c'mon SLO Planning Commission and Board of Supervisors, YOU have the power to PROTECT the community you were elected to SERVE. DO THE RIGHT THING NOW AND DENY PHILLIPS 66 their permit.

Thank you!
