Subject: Phillips Oil Terminal

Hello -

I want to express my complete opposition to the proposed Phillips 66 terminal/railroad expansion, for all of the reasons that people opposing this project have already given you.

There is only large potential downside to a very large population of citizens who live near what would be the train route for the "oil trains." The very few jobs created are not even a factor.

The only real benefactor from this would be Phillips 66.

It is inconceivable to me that this would be allowed to go forward. Please don't allow money to rule over the almost universal public opposition to this.

Sincerely, Mike McCurdy Pismo Beach CA
