From: William Tickell

To the San Luis Obispo County Planning Commission and Board of Supervisors: We call on you to protect our public health, community safety, and global climate from hazardous oil trains, by rejecting the Phillips 66 oil train proposal. Your decision affects ALL Californians, especially the 5.5 million of us that live in the oil-train blast zone. Please

advocate for your constituents and CA citizens
instead of Big Oil. Reject the Phillips 66 Oil
Train proposal.

Respectfully,
William Tickell
