Subject: Oil railcars

I am oppose to allowing the Phillips 66 refinery on the nipomo mesa to add a rail spur with the purpose to unload oil at the refinery, according to many reports the tank cars are not up to safety standards and could rupture while parked at the refinery. My name is Ken Chaubet and I live at 911 Albert Way, Nipomo, Ca approximately 1/2 mile from the refinery. Should and accident occur at the refinery my health could be compromised.
