Subject: Fw: Opposition to Phillips 66 Rail Spur

To Whom it may concern,

I am writing to discuss my serious concerns over the proposed Phillips 66 Rail Spur. I live adjacent to Phillips 66 and we hear trains go by on occasion. They are loud and honk their horns even at night. You can hear the metal sound as they go by. The thought of a 1.5 mile long train of black cars going by 5 days a week makes me feel like I want to move out of San Luis Obispo County. My property value will be affected. As it is now, it is difficult to sell a home if it is adjacent to highway 1 or Phillips 66 now. By adding a daily train 5 days a week I am sure that will greatly impact desirability. I am also concerned about my health. Does anyone care that we are already experiencing poor air quality approx. 90 days a year???? If you live near Phillips 66 you would! Please do not kill our health for more profit for big businesses.

DEC-01

I moved here to enjoy the healthy lifestyle the area encourages. There are many serious concerns and inaccuracies in the latest report. Not only will there be incredible light, noise, and air pollution the mitigation plans that are proposed are inaccurate and misleading. Once again, Please choose the health and safety of the residents when deciding on this matter and vote "no".

DEC-02

Sincerely,

David Del Castillo
