Subject: Phillips 66 Santa Maria Refinery

Dear Mr. Wilson:

I live in Cypress Ridge and have worked on the Central Coast for 6 years.

The most impressive thing I can say is that The Phillips 66 Santa Maria Refinery has been "unnoticed", quietly doing its job during the time my family and I have lived here. To me that is the greatest compliment to the refinery.

They do

their job and go about their business

As a member of the local media, we have found that the Refinery managers have been open and straightforward in their relations to us and the general public. concerns. As a matter of fact, as a member of the Economic Vitality corp..of SLO County, they have presented to us several time in the past few years.

It is

important to South County and to the Central Coast in general.

This is an easy decision for me. I believe a proven track record of sound operations, coupled with an EIR that indicates the project is manageable should add up to a "yes" s vote for the rail project request.

Sincerely,

Kevin L. Harlan
