Subject: Re: Proposal by Phillips 66 for Rail Spur on the Nipomo Mesa & REIR

PROPOSAL by PHILLIPS 66 for RAIL SPUR on the NIPOMO MESA & REIR.

Please consider this to be an objection to the proposed project, per the REIR, and specifically for the following reasons:

1. Risk to our economic well being with our primary residence here on the Mesa.
2. Air pollution already exceeds legal standards; the proposed project would only make it worse.
3. The number of trains and the related noise would make for an intolerable situation.
4. Potential for disasters is simply not compatible with current uses.
