Subject: Phillips Refinery Santa Maria Expansion--Vote No!

The issue of the expansion of the Phillips Refinery in Santa Maria is coming up for a vote before your Planning Commission on November 24. To get to your area, the oil trains pass through my area. The tracks are old, with a sharp angle in downtown Niles, adjacent to residences, businesses, and drinking water holding ponds. I urge you vote no on Phillips' proposed project, which will protect both our areas from leakage, and potentially explosions and fire.

LEO-01

Thank you.
