Subject: P66 Rail Expansion Project

Mr. Murry Wilson, SLO County Planning Department

This email is to express my strong opposition to the proposed P66 Rail project.

The proposed expansion of the rail facility at the P66 Refinery in Nipomo is not in the best interest of the current residents and the well being of all of SLO County. Allowing mile and one half long trains carrying over 2 million gallons of crude oil 5 times a week puts the residents of this area in severe danger. The Office of Emergency Services, OES, has stated that the emergency services in the SLO area are underfunded, underequipped, undertrained and unprepared to handle any emergencies of this magnitude.

NEL-01

In the interest of everyone who calls this area home, this project must be rejected.

Thank you,

Lydia Nelson
