Subject: Oil Transport Through SLO County

Dear Mr. Wilson:

While BIG OIL is surely touting the jobs that might be created by the transporting of crude oil by rail through this county, there is another side to this argument, even if one ignores the enormous costs should an accident occur. Please consider the on-going costs and frustrations of drivers waiting while LONG oil trains pass slowly through communities.

WIC-01

There are consequences to being late to work or school or appointments.

Sincerely,
