RE: Comment on the Recirculated Draft EIR for the Phillips 66 Rail Spur Extension Project for an Extension of the Comment Period

Dear Mr. Wilson,

The City of Davis is currently reviewing the Draft EIR (DEIR) for the proposed Phillips 66 Rail Spur Extension Project at Santa Maria Refinery, which was recirculated for a 45-day public comment period ending on November 24, 2014.

The City has endeavored to submit comments on the DEIR in a timely manner. However, given the length and complexity of the DEIR document and technical reports, the substantial public safety concerns in the affected communities and the timing of the comment period just prior to the busy holiday season, the City of Davis is **requesting an extension of the comment period for an additional 45 days.**

DAVIS-01

The additional time would allow us to provide better informed and more useful comments. Please contact me with your response at: (530) 747-5881; or by email at: mwebb@cityofdavis.org. Thank you.

Respectfully,

Mike Webb,
Director of Community Development and Sustainability
